

Richard Harber

Associate Director of Instructional Design

Dedicated and accomplished Instructional Designer with over seven years of experience in shaping impactful adult education programs. Armed with a Master's Degree in Instructional Design and Technology, I bring expertise in harnessing the power of learning management systems such as Canvas, Moodle, and D2L. My proficiency extends to curriculum development and E-Learning, where I integrate cutting-edge instructional design methodologies and adult learning theories to craft engaging and effective educational experiences. Known for my ability to develop and implement high-quality adult education programs, I am committed to facilitating meaningful learning experiences that empower individuals to thrive in their professional journeys.

- YouTube and Vimeo

Experience

2021 - Current

Triumph Higher Education | Schaumburg, Illinois

Associate Director of Instructional Design

- Managed multiple projects across the Triumph Brand including Auguste Escoffier School of Culinary Arts and Auguste Escoffier Global Solutions
- Managed a multi-faceted design team comprising a Media Team, Graphic Designers, and Instructional Designers
- Developed and defined over 300 QuickSkill video demonstrations that are now being used across the AESCA and AEGS brands
- Assisted in standardizing the instructional design process with best pedagogical practices in mind working in collaboration with graphic design and the media team
- Focused the team on the ADDIE and backward design Adult Education models
- Utilized the Monday.com project management system to track concurrent projects
- Highly proficient in multiple development programs including Google Workspace Suite, Microsoft Office Suite, Adobe Creative Cloud, Camtasia, Canva, Vimeo, and YouTube
- Worked with multiple SMEs and developed curricula, enhancing learning experiences with interactive elements including interactive recipe books and AI-powered videos
- Project management lead roles in the development of new learning materials and courses, launching new technologies, and organizing multiple assets
- Worked within multiple versions of the Moodle Online Learning Platform - including a Moodle upgrade.
- Utilized LMS analytics and outcomes tools to monitor learner performance.
- Provided consistent daily support to instructors and leadership

2024 - Current

Luther College | Decorah, IA

Instructional Design Consultant

- Partnered with faculty across biology, history, English, nutrition, graphic design, experiential learning, and movement studies to redesign courses using backward design, ADDIE, UDL, cognitive-load principles, chunking/scaffolding, and learner-engagement strategies.
- Led course transformations from face-to-face, Google Classroom, and existing LMS environments into flipped, asynchronous, and project-based learning, aligning learning objectives, activities, assessments, course architecture, accessibility, and student experience.
- Conducted faculty consultations and needs analyses, implemented Moodle course designs, developed reusable templates and accessibility practices, and managed multiple concurrent projects from discovery through development, QA, and implementation.

2021 - Current

Rowan University and Hudson County Community College | Kearny NJ

Instructional Designer

- Developed courses and instructional materials for Rowan's 14,000 students and 850 courses
- Developed courses and fixed accessibility issues in Canvas, Adobe Suite, and Microsoft Office Suite for Hudson's 6500 students
- Reformatted traditional coursework to an online e-learning format
- Utilized Google Workspace Suite, Adobe Acrobat, Microsoft PowerPoint, and Word. Monday.com for project management tracking
- Designed and developed online and blended courses in nursing and allied-health disciplines
